I am currently looking for an entry-level position in web-based development/programming. I am constantly learning new things, and am motivated to always be the best I can be. Although I am not familiar with all programming languages, my experience in the ones I know has helped me to be able to quickly learn new ones as I have a solid understanding of how things work within a server and browser. I am particularly interested in this position because of my background in HTML, CSS, and AngularJS. I am also currently enrolled in the advanced programming class at DevMountain Coding Academy (which meets during the evening on Wednesdays) to become a MEAN stack developer.

Skills

Proficiency Strength (%)

Skill	%
AngularJS	90
HTML5	80
CSS	75
PHP	70
ASP.NET	70
Javascript	70
Firebase	70
NodeJS	65
MongoDB	70
jQuery	70
Github	80
ReactJS	50
ES6	40
D3	50
SQL	60
Selenium	30
Bootstrap	60

Experience/Projects

Product Pricing Tool - http://koppks.github.io/finalpricetool/#/

(HTML, CSS, Bootstrap, AngularJS, Javascript, ui-router, firebase)

Final personal project for DevMountain coding academy.

Gif Finder App - http://koppks.github.io/gifsearch/

(HTML, CSS, AngularJS, Javascript) ($http GET requests)

Basic Chatroom - http://koppks.github.io/message/

(HTML, CSS, AngularJS, Javascript) A very basic chatroom that processes $http GET and POST requests.

Education

- DevMountain Coding Academy (2015, 2016) - Completed basic web development course in December of 2015. Currently enrolled in advanced web development course this year.
- University of Phoenix, 2003 - Masters of Business Administration(MBA).
- Brigham Young University, 1993, Bachelor of Science degree in psychology.

Other Apps/Projects

Star Wars Episode Finder - http://starwars-ertf.rhcloud.com/

(PHP, HTML) A basic PHP app that shows when each episode was made.

Color Clicker - http://koppks.github.io/paintapp/

(jQuery) A basic app built with jQuery that allows the user to change the color of boxes by clicking on them.

- Also familiar with Microsoft Office, Project, Publisher, and Adobe Products, such as InDesign, Echosign, and DreamWeaver.
